

PRACTICAL COURSE ON SHOULDER SURGERY

ORGANIZERS

UNIVERSITY OF MEDICINE AND PHARMACY, CRAIOVA

HUMAN ANATOMY DEPARTMENT

ROMANIAN SOCIETY FOR SHOULDER AND ELBOW SURGERY (SRCUC)

MEDICAL ORTOVIT

COURSE DIRECTORS

Associate professor dr. Melinte P.R.

Professor dr. Guido Marra

Professor dr. William B. Stetson

SCIENTIFIC COMMITTEE AND MEMBERS

Claudia Ghisa, USA

Cristian Buescu, Cluj-Napoca

Athanasios Liantzis, Greece

Ion Bogdan Codorean, Bucharest

Maarten van der List, Netherlands

Cosmin Faur, Timisoara

Benjamin Marjanovic, Slovenia

Radu Fleacă, Sibiu

Guido Marra, USA

Emil Haritinian, Bucharest

Jacob Merkac, Slovenia

Horia Hărăguș, Timisoara

William Stetson, USA

Mihai Hurmuz, Timisoara

Vladan Stevanovic, Serbia

Ion Andrei Popescu, Bucharest

Joseph Tanenbaum, USA

Mihai Roman, Sibiu

Horea Benea, Cluj-Napoca

Adrian Todor, Cluj-Napoca

COURSE RECOMMENDED BY

SRATS

SOROT

THURSDAY, MARCH 27

Instructors: Maarten van der List, Melinte P.R., Todor A., Hurmuz M., Faur C., Roman M., Fleaca Radu, Marra G., Stetson B.

Registration – 8.00 – 8.30

Theoretical Part I. Stabilization for AC joint dislocation; Open rotator cuff repair; Subpectoral biceps tenodesis; Open Latarjet Procedure – 8.30 – 10.00

Introduction

Melinte P.R.

Open Rotator Cuff Repair: Indications and Technique

Faur C.

AC Joint Dislocation: Indications and Technique for Open Stabilization for AC Joint Dislocations

Hurmuz M.

Chronic AC Joint Dislocations: Which is the Proper Treatment

Todor A.

Subpectoral biceps tenodesis: Indications and Surgical Technique

Melinte P.R.

Open Latarjet procedure: Indications and Surgical Technique

Marra G.

Practical Part I. Stabilization for AC joint dislocation; Open rotator cuff repair; Subpectoral biceps tenodesis; Open Latarjet procedure – 10.00 – 13.00

Lunch break – 13.00 – 14.00

Theoretical Part II. Shoulder arthroplasty – 14.00 – 15.30

Deltopectoral approach – tips and tricks

Roman Mihai

Superior approach to glenohumeral joint

Marra G.

Shoulder Arthroplasty: Rationale for Anatomic Shoulder Arthroplasty

Maarten van der List

Rationale for reverse shoulder arthroplasty

Faur C.

How I deal with subscapularis muscle

Marra G.

How I prepare the humeral side – exposure, implant position

Todor A.

Tips and tricks for a better glenoid exposure

Marra G.

How I prepare the glenoid cavity – tips for proper implant positioning

Joseph Tanenbaum

Practical Part II. Shoulder arthroplasty – 15.30 – 18.30

End of Lab – 18:30

IMPLANTS :

Group FH ORTHO

Presenter : Sami Amara

Area Sales Manager Export

Zimmer Biomet

Presenter : Igor Kubiak

Product Manager Central Eastern Europe

ARROW

ARROW II

Prothèse d'épaule universelle

Universal shoulder prosthesis

GROUP
FH ORTHO[®]

PROVEN Clinical History

The Comprehensive Reverse Shoulder has been trusted since 2008. It has a proven¹⁻¹² clinical history, and combines materials that have been tested to withstand the demands of joint arthroplasty.

VERSATILE Full Spectrum of Solutions

Glenoid Solutions
Expansive Portfolio of Stems
Mini Humeral Tray with Offset Options
Compatibility

SIMPLE Instrumentation

Intuitive instrumentation designed to facilitate ease of use in the Operating Room. Instruments are laid out in the order of surgical flow.
